President's Message

SNOW is a four letter word!

Wow, it amazes me at what we were able to accomplish this past month despite the horrid weather! We were able to initiate new member, Tammy Brown, host seven international students and one advisor, help out at the Valentine Canteen Dance, and review the Standing Rules all with several feet of snow! Way to go Pilot Ladies!

This next month we will be celebrating Brain Awareness Week, Talk Pilot, initiating Cara Biller, hosting our Person of the Year-Tom Moran, doing our Non-Event (don't forget to bring names and addresses to the March meeting), and the Nominations Committee will be getting together to pick our leaders for next year! I would also like to try again at getting a group picture, now that most everyone is able to come to the meeting.

Almost a year later we found out that we came in SECOND (the members at large won) for the amount of money raised for the Pilot Penny Power for PIF contest. Way to go Pilot Club of Harrisonburg!!

In Pilot Friendship and Service,

Dianne

- Thanks to Carol Hart and Audrey Smith for going over the Standing Rules, and to Audrey for letting us meet at her home.

With all the "sad news" e-mails and the funerals and memorials we have had in the past short while, I thought this was appropriate:

"And as a dragonfly lives a short life, it knows it must live its life to the fullest with the short time it has - which is a lesson for all of us."
